### Nuclear Medicine Scientific Symposium

FHS held “2019 Macao Scientific Symposium of Nuclear Medicine and Molecular Imaging” on 7 and 8 December in E2-G012, the UM Library. Prof. Wei GE, Vice Rector (Research) of UM, gave a welcome speech in the opening ceremony. He appreciated the research effort made on the nuclear medicine and molecular imaging by the UM researchers, and encouraged them to foster more talents in this research field.

The experts, researchers and students from Macao, Hong Kong, China, and overseas attended this symposium, shared and discussed their latest research developments in nuclear medicine and molecular imaging in clinical and scientific research during these two days. Moreover, the Society hosted its “Macao Society of Nuclear Medicine and Molecular Imaging Inauguration Ceremony” on 8 November. Congratulations!

This event was jointly sponsored by Macao Society of Nuclear Medicine and Molecular Imaging.

### Admission Talk to Kao Yip Middle School

Prof. Ruiyu XIE conducted an admission talk to the Secondary 5 and 6 students of Kao Yip Middle School on 5 December. Prof. XIE introduced the history of the faculty, academic development, research achievement, the curriculum structure of the programmes, career prospects and the different learning opportunities offered by the Faculty in the admission talk. Some students showed their concerns about the admission requirement of the programmes as they were weak at biology. Prof. XIE explained that there were different admission channels and students' overall results will be assessed. She encouraged them to step forward and further their studies in biomedical sciences for contributing to the health of mankind.
