Academic Promotion

5 Academic Staff Promoted to Next Academic Ranks

With effective from 16 August, FHS has five academic colleagues advanced to their next academic ranks: Prof. Guokai CHEN is promoted to Professor, Prof. Gang LI, Prof. Chris WONG, Prof. Ruiyu XIE, and Prof. Xuanjun ZHNG are promoted to Associate Professor.

Congratulations to the success in their promotions, and we look forward to their continuous contributions to FHS!

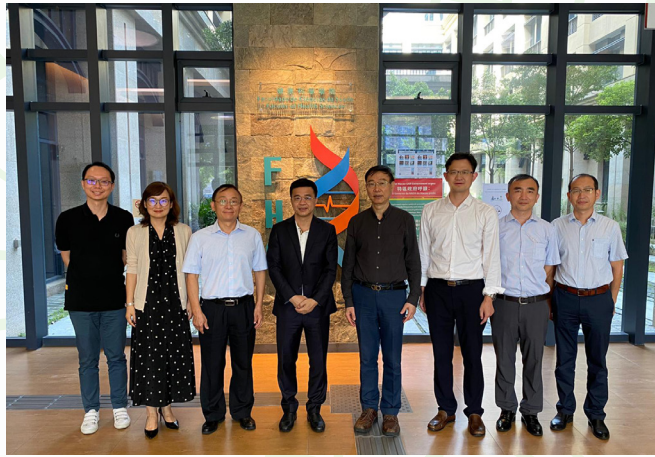

BCAT Meeting

In the BCAT meeting on 12 August, Prof. San Ming WANG introduced the latest research progress in inherited cancer of his laboratory. He presented the results in three subjects: the evolution origins of BRCA pathogenic mutations in modern human population, the development of high-throughput approach for cancer germline mutation classification, and the nature of Brca1 germline mutation-caused genome instability. Prof. Wang ensured that these studies address fundamental biological questions to understand the genetic basis of BRCA mutation-caused cancer, and provide solutions to solve the application challenges.

Visit

The Chairman and President of Guangzhou KingMed Diagnostics Group, Prof. Yaoming LIANG and the top management of the company visited FHS on 10 August.
