

## 活動資料 Programme Information

日期 Date : 28-30/07/2021

地點 Venue: 澳門大學健康科學學院大樓 E12 Faculty of Health Sciences (E12), University of Macau

行程 Schedule:

| 日期Date                   | 時間Time        | 活動Activity                                                                                          | 地點 Venue      |
|--------------------------|---------------|-----------------------------------------------------------------------------------------------------|---------------|
| 28/07/2021<br>星期三<br>Wed | 9:30 – 10:00  | 學生登記Registration                                                                                    | E12-G003      |
|                          | 10:00 – 11:00 | 講座：健康科學簡介<br>Lecture: Introduction to Health Sciences                                               |               |
|                          | 11:00 – 11:30 | 集體遊戲 Ice breaking                                                                                   |               |
|                          | 11:30 – 12:30 | 住宿登記 Check-in accommodation                                                                         | W22 LCWC      |
|                          | 12:30 – 14:00 | 午餐 Lunch                                                                                            |               |
|                          | 14:00 – 16:00 | 生物研究技術入門：生物偵探訓練班<br>Introduction to Biological Techniques: <i>The BIO-Detective Training Course</i> | E12-1064      |
|                          | 16:00 – 18:30 | 細胞及分子生物學：尋找「它」鄉的故事<br>Cell and Molecular Biology: <i>Story of Its Origin</i>                        |               |
|                          | 18:30 – 20:00 | 晚餐 Dinner                                                                                           |               |
|                          | 20:00         | 回宿舍休息 Return to dormitory                                                                           | W22 LCWC      |
| 29/07/2021<br>星期四<br>Thu | 9:00          | 早餐 Breakfast                                                                                        |               |
|                          | 10:00 – 12:30 | 生物遺傳學：誰是小偷<br>Genetics: <i>Who Did That?</i>                                                        | E12-1064      |
|                          | 12:30 – 14:00 | 午餐 Lunch                                                                                            |               |
|                          | 14:00 – 17:00 | 微生物學：神奇的「光」<br>Microbiology: <i>The Magic "Light"</i>                                               | E12-1064      |
|                          | 17:00 - 18:30 | 生物信息學：解碼<br>Bioinformatics: <i>Decoding</i>                                                         | E12-1057      |
|                          | 18:30 – 20:00 | 晚餐 Dinner                                                                                           | E31-1002      |
|                          | 20:00 – 21:30 | 與教授閒談 Casual night gathering and talk                                                               |               |
|                          | 21:30         | 回宿舍休息 Return to dormitory                                                                           | W22 LCWC      |
| 30/07/2021<br>星期五<br>Fri | 9:00          | 早餐 Breakfast                                                                                        |               |
|                          | 10:00 – 11:30 | 實驗分析及實驗室參觀<br>Experimental Analysis and Lab Visit                                                   | E12-1064, N22 |
|                          | 11:30 – 12:30 | 活動結束及頒發證書<br>Closing and Certificate Presenting Ceremony                                            | E12-G003      |

### 注意事項 Notice :

於活動期間，本院將提供住宿及膳食。

On-campus accommodation and meals will be arranged for the participants of this summer camp.
